## ABOUT US

SOC ENERGY SERVICES LTD is a premier industrial safety, service and procurement solutions company incorporated under the companies and Allied Matters Act CAP C20 LFN 2004. Our headquarters is located in Lekki Lagos with a Strategic Business Unit in Abuja & Porthacourt Positioning us to serve clients across the nation effectively.

We are specialized in providing premium quality safety Equipments/ brands, Expert technical Support Services and Procurement solutions for organizations that prioritize workplace safety and operational efficiency. With years of industry experience from maritime safety and offshore compliance to onshore industrial needs, we ensure that every product and service we deliver meets the highest standards of safety and performance .

Our team is made up of highly skilled and experienced safety inclined professionals who are dedicated to delivering the best results per project and improving on the already existing safety regiments per organization having built a strong reputation for excellence over the years with a wide range of clients across oil & gas exploration ,maritime, construction and manufacturing industries.

# LEADERSHIP

SOCs board of directors are committed to leading by example. Leadership based on integrity provides the company with a solid foundation for all activities. For SOC values are more than a list of ideals to uphold, values are the benchmark with which every decision and activities are measured. Leading by example implies that values are lived by every member of the company. In turn, this creates the type of disciplined environment that allows SOC the ability to turn promises into practice.

SOCs disciplinary code provides management and staff members with an effective set of guidelines that are achievable in real-life situations. This encompasses practical issues such as being punctual, dressing professionally, as well as making and implementing decisions that take into account the well-being of SOC ENERGY SERVICES and their clients. Our leadership team demands dedication from all staff members, not through enforcing rules but through setting the example. We have a stable, qualified and experienced management team that forms the backbone of the company. The directors, all professional experts in their respective fields, boast combined experience of more than 10 years in the safety, service and procurement industry.

## OUR MISSION

To deliver trusted safety solutions, expert technical services, and efficient procurement support that protects people, ensure compliance, and enhance operational performance across all industries we serve.

## OUR VISION

To be the leading provider of innovative safety solutions and reliable procurement services, empowering industries to operate safely, efficiently, and sustainably.

# CORE VALUES

Our beliefs, principals and philosophy are built around these core values:

- **SAFETY:** We prioritize safety in all of our operations and take the necessary precautions to protect our clients, our employees, and the public. SOC is focused on providing (safety products, services, and spares) necessary for achieving the safest workplace environments by meeting all our esteemed client's safety needs.
- **QUALITY:** We recommend, procure, supply, and install trusted and tested top-quality safety brands, Equipments & Industrial spares sourced directly from the OEMs. Our services are delivered by highly skilled technicians with substantive levels of experience gained over the years. We continuously look to improve and ensure our services are delivered in line with industry best practices and according to customer requirements benchmarked with international standards.
- **CUSTOMER SERVICE:** We are dedicated to providing excellent customer service and building long-term relationships with our clients.
- **COLLABORATION:** We believe in the power of teamwork and collaboration and we work closely with our clients and partners to achieve shared Goals. SOC Energy Services LTD is committed to closing the gap between safety and compliance per company .
- **INTEGRITY:** We place a high value on integrity and transparency in all our business dealings, We treat others as we wish to be treated, conduct every business transaction in an ethical manner, and build relationships based on collaboration, honesty, and respect.

# COMPANY MANAGEMENT POLICIES

## QUALITY MANAGEMENT POLICY

Our Quality management policy is an integral part of our overall strategy and reflects our values and commitment to quality in all aspects of our operations. We have a comprehensive quality management system in place.

SOC ENERGY SERVICES LTD will constantly provide goods and services that meet and exceed the requirements, and expectations of our clients/ customers. We have put in measures and KPIs that will ensure continual improvement of our quality management system in line with the requirements of ISO9001:2015.

## OCCUPATIONAL HEALTH & SAFETY MANAGEMENT POLICY

We are committed to ensuring the safety of our employees, clients, and the communities in which we operate fostering good health In line with the requirements of ISO 45001:2018. We seek to create an environment that is void of unsafe acts and hazards of any nature.

We place great emphasis on the promotion of the total health concept and the protection of all employees. Our employees must therefore be passed physically and medically fit before being given the go-ahead to commence any job. We believe that sustainable success can be reached only through people.
